

ABDULRAHMAN "AOOF" MOUSA

Montreal, QC | he/him | +1 514 717-7233 | aoof.mousa@gmail.com | aoof.ca | [/in/aoof](https://in.aoof) | github.com/aoof

SKILLS

- Programming Languages: Python, TypeScript, Node, Java, and C#
- Databases like MySQL, Microsoft SQL, Oracle SQL, and MongoDB
- Multi-tier web and software development using object-oriented programming
- Knowledge in Scrum methodologies and System analysis
- Languages: English (Fluent), French (Working proficiency), and Arabic (Native)

EDUCATION

Computer Science

Collège LaSalle | Montreal, QC

Aug 2024 – Aug 2027 (Est.)

EXPERIENCE

Functional/Linguistic Quality Assurance Tester

Altagram Canada | Montreal, QC

Feb 2024 – ongoing

- I actively tested and completed my tasks, always prioritizing the Employer's best interests in game quality.
- Worked both positions interchangeably per need, both functional quality assurance and linguistic quality assurance.

Personal and Group College Level Programming Tutor

Freelance | Montreal, QC

Feb 2022 – ongoing

- I tutored more than 50 hours to people from all over the world (UK, France, Saudi Arabia, Canada and the US) mostly in English
- Most of the sessions I've completed were programming in C#, Java and Python

VOLUNTEERING

- Volunteering to design and build pages for Welfare Avenue (non-profit) and providing them with logistics through google ads and meta ads.
- Participation in Festival Fusion by College LaSalle
- Volunteering to represent College LaSalle at Montreal International Game Summit (MIGS)

PROJECTS & ACTIVITIES

- Participation in 4+ game jams and hackathons, creating games and programs, and learning to work in a team setting including.
- International and Ethnic Associations Council Concordia's Official Website Development within 6 months
- Projects in C# (Links to GitHub): [Vehicle Management System](#), [Clinic Management Windows Forms \(.NET Framework 6\)](#), and the game [My House is built for you \(3-day development\)](#)
