PROFILE

Functional and linguistic QA tester with over two and a half years at Altagram, testing 10+ console game titles for PlayStation, Xbox and Nintendo certification and release. Computer Science Technology student at Collège LaSalle (90% average) whose developer background helps in reproducing, isolating and documenting bugs.

SKILLS

Testing: functional QA, linguistic (localization) QA, regression testing, console certification, bug tracking and documentation
Tools: Jira, Excel, Playwright, Vitest
Programming: C#, Python, TypeScript, SQL

EDUCATION

DEC, Computer Science Technology (420.B0) Aug 2024 – Aug 2027 (expected)
Collège LaSalle, 90% average Montreal, QC

EXPERIENCE

Functional and Linguistic QA Tester Feb 2024 – Oct 2026
Altagram Canada Montreal, QC

- Tested 10+ video game titles for PlayStation, Xbox and Nintendo certification and release, in functional and linguistic (localization) QA.
- Tested ASKA, a village simulator and survival game on Steam, for over 2 months; credited in the game.
- Isolated a bug only I had hit, once; colleagues reproduced it from my steps, and I ran the regression check after the fix.
- Logged bugs in Excel in Jira format for a first pass, then submitted them to Jira, following written and verbal QA procedures.

Full-Stack Web Developer Dec 2023 – Dec 2024
International and Ethnic Associations Council, Concordia (ieac.ca) Montreal, QC

- Built the bilingual website for a council of 11 societies solo in Node.js, Express.js and MongoDB; 6,000+ impressions since launch.
- Added anti-spam and CSRF protection that stopped the explicit spam flooding the old site's comments.

College-Level Programming Tutor Feb 2022 – Present
Freelance Montreal, QC

- Gave 50+ hours of programming tutoring to about 20 international students in C#, Java, Python, C and C++.

PROJECTS

Athenae, Athenae Initiative (non-profit) Jun 2026 – Sep 2026

- Built the bilingual SvelteKit and TypeScript site, with Vitest unit tests and Playwright browser tests to avoid shipping regressions.

Festival International Bach Montréal (client contract) Apr 2026 – Sep 2026

- Built an interactive concert-detail feature with a CSV import, loaded with about 222 bilingual questions and videos; live on every 2026 concert.

Clinic Management (team of 3) Nov 2025 – Dec 2025

- Built the Appointment stack and all the UI of a C# Windows Forms clinic app over Entity Framework and SQL Server; perfect grade.
